

udio exceeding expectations

a longer lead time, it gives us better control over the final product.'

'To enable us to do this we have had to invest quite heavily in state-of-the-art machinery like our wide-format printer.'

A small offshoot from the company is its blast cleaning services, with Davids knowledge in this field he has been able to make 3-D signs in wood and stone, and produce etching designs on materials like glass and brass.

Oban Sign Studio is the only sign company in Oban that can provide a blast cleaning service.

Because of the range and quality of products at Oban Sign Studio the business has recently taken orders from Scottish Power, Historic Scotland, Würth Scotland as well as a large number of well known businesses throughout Oban and Lorn.

So give your business the best look with Oban Sign Studio - it could exceed your expectations.
