

# fun day at glenshellach

OBAN'S recently completed housing scheme in Glenshellach brought out a number of politicians and councillors but the people who will live there attended a fun day after the formal proceedings and enjoyed the sunshine in their new home. Many had been waiting years for a new home and the development has helped ease the pressure on West Highland Housing Association's waiting list of 300 people who need a house. *Lorn Life* was there to capture the moment when the people of Glenshellach phase two moved in.

*Jodie Docherty from the Oban Rare Breeds Park took along a selection of small animals for youngsters to pet.*

*James Beaton and Roan Martin had their pick of things to see and do at the fun day but they still wanted to play on the see-saw in their playpark.*

*Ronan Mountford-Smith and Aaron McLeod were supposed to be helping with the Oban Mountain Rescue Team barbeque but they couldn't resist helping themselves to burgers.*

*Wee Liam MacDonald had his firefighters hat on, ready to go and see the fire engine, with Gail Lockhart.*
