

Oban pulls together

MORE than £7,000 was collected at the Oban Charities Day when the town came together for one reason - to help Oban and Lorn's charities.

The sunshine helped to make it an enjoyable day with Oban High School cheerleaders, skateboarders from the town and a band, 32 miles to breakfast, from Ardrishaig providing the entertainment throughout the day at Station Square.

In the afternoon a parade from the Corran Halls to Station Square was led by Oban Pipe Band and included classic cars.

The top entertainment and the goodwill of the people of Oban and Lorn helped to make this charities day one of the most successful and many will already be looking forward to next year's event.

Emma MacPhee and Mia Hoey, both aged four from Oban took part in the parade with Smarties Nursery.

Barbara Milne and her daughter Elaine (not pictured) with her sister, Madeline and her son Cameron Milne, had a stall in aid of Scottish Motor Neurone Disease to raise funds in memory of their mother and grandmother Sheila Milne. All the items on their bottle stall were donated by kind friends and acquaintances.
