

Club of the month

THE LORN Garden Club has gathered a green-fingered membership of 30 since its inception only a year ago.

Formerly the Lorn Rockgarden Club, the organisation decided a make-over was needed to attract new members - and so the Lorn Garden Club was born.

Club member Elizabeth Asbury explained how the new club has blossomed. She said: 'We've had a change of venue to the Lorn Resource Centre and we have made more variations on what we see and do to cover all aspects of gardening.

'We have just started our bi-annual newsletter and

designed a new logo.'

The club meets on the third Tuesday of every month but this month the meeting will be held on October 4 at 7.30pm.

There are varied programmes of talks and demonstrations and there is a programme of garden visits, the most recent visit being Drummond Castle.

Mrs Asbury said: 'At each meeting there is time for questions and a chat over a cup of tea.

'There is also a plant exchange so members can swap or buy plants from one another. The plant of the month competition is always a popular feature of the meetings.'

For further information about the club contact David Croucher on 01852 300 563.
