

Oban & Lorn Charities Day raises £8,000

THE SUN shone on an extremely successful and busy Oban and Lorn Charities Day which saw around £8,000 raised from more than 30 stalls at Station Square.

Thomas Donaldson, centre, took over his Scammell recovery truck over from Pennyghael, Mull for the day. The former British Army truck was built in the 1950s and proved a big attraction for locals and visitors alike. Thomas bought the truck, which has a top speed of 30mph, from a man in Spean Bridge in 1991 who had in turn bought it from Morar Motors. James MacArthur, left, and Iain Milligan are also pictured. c241io11
